Package Contents

Please make sure all of the following items are included in the package:

1) 1 x HOF2 Fiber Optic Transmitter Module
2) 1 x HOF2 Fiber Optic Receiver Module
3) 2 x IR Cables (Tx and Rx)
4) 2 x DC 5V Power Supply Unit
5) 2 x Phoenix connectors (for RS232)
General Specification

The HDMI over Optical Fiber Extender can extend HDMI signal up to 4K Ultra HD over 3300 feet/1000 meters (Single-mode cable) or 1000 feet/300 meters (Multi-mode cable) to an HDMI compatible display. It also supports bi-directional infrared control and RS-232 signals transmission. It can allow you to easily control your DVD player at TV side or control your TV at the DVD player side when using this extender.

Main Features

- HDMI 2.0b (18Gbps), HDCP 2.2 and DVI compliant
- Video resolutions up to 4K2K@50/60Hz (YUV444)
- Audio supports LPCM2/5.1/7.1 CH, Dolby Digital, DTS, Dolby True HD, DTS-HD Master Audio
- Long distance transmission up to 3300 feet/1000 meters over single-mode fiber cable and up to 1000 feet/300 meters over multi-mode fiber cable (50/125µm/OM3)
- Bi-directional wideband infrared control and RS-232 transmission
- Locking power supply
Installation and Connection Instructions

1. Turn off both the video source and the display before connecting any cables.
2. Connect HDMI cable between the source and HOF1 transmitter AND between the HOF2 receiver and the display.
3. Connect LC terminated fiber optic cables according to the picture below;

   ![Fiber Optic Cables Diagram]

   1. BLUE
   2. ORANGE
   3. GREEN
   4. RED

4. Connect the power supply unit to both HOF2 transmitter and receiver units.
5. Turn on Display
6. Turn on Video Source
HOF2 Transmitter and Receiver Specification

Transmitter Module

Connection Ports:

- HDMI In: HDMI Input
- DC 5V: power connector
- Power: power LED indicator
- RS232: 3 pins phoenix connector
- Optical: Fiber status LED indicator
- HDMI: HDMI status LED indicator
- Optical Out: Optical output receptacle
- IR Tx: IR Transmitter port
- IR Rx: IR Receiver port
Receiver Module

Connection Ports;

- HDMI Out: HDMI Output
- DC 5V: power connector
- Power: power LED indicator
- RS232: 3 pins phoenix connector
- Optical: Fiber status LED indicator
- HDMI: HDMI status LED indicator
- Optical In: Optical input receptacle
- IR Tx: IR Transmitter port
- IR Rx: IR Receiver port
IR cable pinout

- **IR Blaster**
  - 1: Power 5V
  - 2: IR Blaster Signal
  - 3: NC

- **IR Receiver**
  - 1: IR Signal
  - 2: Power 5V
  - 3: Grounding
Warranty

Manufacturer’s Warranty (3-Years)

PureLink warrants this HOF1 fiber optic extender to be free from defects in workmanship and materials, under normal use and service, for a period of three (3) year from the date of purchase from PureLink or its authorized resellers.

If the product does not operate as warranted during the applicable warranty period, PureLink shall, at its option and expense, execute one of the following as necessary:

1. Repair the defective product or part
2. Deliver to customer and equivalent product or part to replace the defective item
3. Refund to customer the purchase price paid for the defective product

All products that are replaced become the property of PureLink. Replacement products may be new or reconditioned. Repaired or replacement products or parts come with a 90-day warranty or the remainder of the warranty period. Dtrovision shall not be responsible for any software, firmware, information, or memory data loss of contained in, stored on, or integrated with any products returned to Dtrovision for repair under warranty.

3.1 Customer Service

Any customer service inquiries can be submitted electronically through the Q&A form on our website (www.purelinkav.com).

For immediate assistance please contact us at (201) 488-3232 to reach our customer care or tech support team.
