

TWH8000

HDMI 2.1 Certified 8K High Performance HDMI Cable with SLS Secure Lock System

PureLink's PureInstall TWH8000 series HDMI cables are certified compliant with the HDMI 2.1 specifications.

Providing up to 48 Gbps bandwidth, the TWH8000 works perfectly with 4K120 and 8K60 signals including Dynamic HDR, Deep Color, CEC, eARC, and 10K DSC 1.2a. PureLink's SLS Secure Lock System employs 24K gold plated pressure lock connectors to ensure your connections are tight and secure.
